

Things to talk about

- How are we going to do the final presentation?
- What finishing touches are still needed?
- Final report (after feedback on draft version)
- Testing
- Checkstyle errors

What to do before next week (final deadline?)

- Testing!
- Checkstyle error fixing
- Maybe a revision of the final report (depending on feedback)
- Presentation
- Finishing the application
- Checking if we satisfy all rubric points

Deliverables/goals

- At least 70% of branch coverage
- Amount of checkstyle errors under 20
- Finished all features
- Final final report
- Presentation

Points last week

- GitLab is at least a bit cleaner. Still some cleaning to do (especially with unnecessary branches)
- Progress of testing and checkstyle
- Work on finishing the application
